SUMMARY

Software Engineer focused on building web applications with an end-to-end perspective. By connecting technical logic with user experience, I ensure products are intuitive and impactful. As an award-winning project lead, I take full responsibility for my work and daily growth. My goal is to build technologies that empower people and leave a strong, lasting mark on the community.

PROFESSIONAL EXPERIENCE

UX/UI Designer (Elite Student), *Tuwaiq UX/UI Bootcamp* 🔗   11/2025 – 01/2026 | Riyadh
